

# High-Speed and Kiss-Cutting Systems

# HAWKES

Hawkes offers you the latest technology in high-speed and kiss-cutting systems to suit all production demands and budgets.

Hawkes systems are simple to operate, with fast job set-up and changeover.

With the latest in efficiency, these systems save labour and are easy to run and maintain.

Hawkes cutting and kiss-cutting systems are highly flexible and come ready to run with no hidden extras.

High accuracy and consistent quality of cut components are achieved. Supplied with the latest in touch-screen programming control, the system stores production data for instant recall and productivity control.

Self diagnostics ensure trouble-free running.

Maximum safety and clear vision of all cutting areas ensure the operator is in complete control at all times.

**Innovative Supplier of Cutting  
Presses and Systems since 1975**

Innovative Supplier of Cutting Solutions since 1975

# HAWKES

**Cutting force from 5 to 100 tons and upwards**

## Suitable for the Widest Range of Applications

Suitable for cutting: automotive components, LCD, electronic, rubber, foam, textiles, gaskets, medical, silicon, felt, washers, seals, packaging, plastics, cork, laminates, tapes, footwear, composites and more.

## Widest Choice

Hawkes offers the widest range available, with options including: laminating, slitting, sheeting, cutting to register, cut & seal, creasing, perforating, automatic part/slug knock-out, waste collection, automatic unwinds and rewinds with airshafts and magnetic clutch-control options, anti-scratch systems and more.

## Peace of Mind

With Hawkes, you always get the full package. From initial specification through to cutting production in your factory, Hawkes provides total reliability. We offer full installation, on-site support and fast backup. We always aim to exceed your expectations and are pleased to give references on request.

## Hawkes Showroom Facilities

Hawkes showroom facilities are set up 52 weeks a year, with a range of new and used machinery to see. We welcome your visit anytime to see if we can offer a solution to your cutting requirements. We also offer fully tailored systems to suit your production needs.

With one of the largest showrooms of cutting presses in Europe at your disposal, you are very welcome to bring along your cutting tools and materials to try on the different systems. You will always receive a warm welcome at Hawkes.
